REMARKS/ARGUMENTS

Claims 1-36 as originally filed in the parent application have been cancelled without prejudice. New claims 37-52 are pending in the application. Support for claims 37-52 can be found throughout the Specification and Drawings, and at least at paragraphs [0002] through [0057] and in Figs. 2-24. Independent claim 37 is supported in particular at paragraphs [0006], [0010]-[0011], and [0040]-[0042], and in Fig. 2. Dependent claims 38-52 all ultimately depend from independent claim 37, and include every limitation of independent claim 37. Applicants submit that the new claims presented in this preliminary amendment do not introduce new matter.

CONCLUSION

Based upon the above amendments, and remarks, Applicants believe the pending claims of the above-captioned application are in allowable form and are patentable over the prior art of record. Applicants respectfully request consideration of the pending claims and a prompt Notice of Allowance thereon.

Applicant believes that no fees are due on account of the submission of this paper. However, if Applicant is incorrect and fees are due, the Director is hereby authorized to charge any fees associated with this communication to Deposit Account No. 50-0289.

Please direct any questions or comments to Joseph B. Milstein at (315) 425-9000.

Respectfully submitted,

WALL MARJAMA & BILINSKI LLP
